A New Hobby Gives You A Brand New Interest!

Yes, anyone from 5 to 80 can draw or sketch or paint anything now... the very first time you use the "Magic Art Reproducer" like a professional artist—no matter how "hopeless" you think you are! An unlimited variety and amount of drawings can be made. Art is admired and respected by everyone. Most hobbies are expensive, but drawing costs very little, just some inexpensive paper, pencils, crayons, or paint. No costly upkeep, nothing to wear out, no parts to replace. It automatically reproduces anything you want to draw on any sheet of paper. Then easily and quickly follow the lines of the "picture image" with your pencil... and you have an accurate original drawing that anyone would think an artist had done. No guesswork, no judging sizes and shapes! Reproduces black and white and actual colors for paintings.

Also makes drawing larger or smaller as you wish.

Anyone can use it on any desk, table, board, etc.—indoors or outdoors! Light and compact to be taken wherever you wish. No other lessons or practice or talent needed! You'll be proud to frame your original drawings for a more distinctive touch to your home. Give them as gifts that are "different," appreciated.

Have fun! Be popular! Everyone will ask you to draw them. You'll be in demand! After a short time, you may find you can draw well without the "Magic Art Reproducer" because you have developed a "know" and feeling artists have—which may lead to a good paying art career.

A NARROW ESCAPE

I was frightened when I saw what had happened. Simba, the lion, had escaped from his cage. Where was his trainer?

As the great beast bounded into the sawdust ring, the people held their breath. What would he do next?

Simba came toward the bleachers where I was sitting. I cried out . . . and I heard my mother yelling, also.

BABY

Last year, in February, I bought my mother a mouse for her birthday. When I first brought Baby home, my mother nearly fell through the floor. After a while, she became used to him . . . and soon he was Mother's pet.

One night, Baby sneaked out of his cage . . . everyone went into hysterics. We found him under the stove. The next evening, he ran away again . . . and this time, we found him in the pantry.

He hasn't run away since . . . and after six months, he's still Mother's pet.
